OCO Technology	Green Energy & Green Economy	UK	O.C.O Technology is a UK-based green technology company and world leader in carbon capture and circular economy innovation. The company's proprietary Accelerated Carbonation Technology (ACT) treats Air Pollution Control residues (APCR) ; by-products of Energy from Waste (EFW) facilities ; with waste carbon dioxide gas to produce a carbon-negative aggregate material (M-LS) used in construction. This makes O.C.O the producer of the world's first certified carbon-negative aggregate. In the 12 months to September 2021, the company produced over 350,000 tonnes of aggregate, diverting 143,000 tonnes of thermal residue from landfill and permanently capturing nearly 13,000 tonnes of CO ₂ . O.C.O holds the Environment Agency's 'End of Waste' approval and is ranked among the top global companies for permanent commercial carbon capture. The company has facilities in Norfolk, Leeds, and Avonmouth, and has expanded to Australia, Spain, and Japan.	https://oco.co.uk	info@oco.co.uk	+44 (0)1842 812229

Operating within the regulated care sector, Clearly Care focuses on delivering person-centred, reliable, and compliant care services, working in collaboration with individuals, families, and partner organisations to enhance wellbeing, independence, and quality of life	https://clearlycare.co.uk/	info@clearlycare.co.uk	1473875431
Air Rescue UK Ltd	Ports, Maritime & Logistics	UK	Air Rescue UK Ltd is a UK-based helicopter search and rescue (SAR) support and training company incorporated in August 2015 (Companies House no. 09741517). Originally formed to support the UK MoD's SAR contract in the Falkland Islands ; which went live in March 2016 with 100% KPI compliance ; the company has since expanded to support helicopter hoist operations across Europe, Africa, and the Middle East. Services include provision of trained SAR technical crew (hoist operators and winchmen), simulator-based hoist training, operational consultancy, and standardisation. In 2023, it established Air Rescue Training & Simulation Ltd to deliver simulation-as-a-service. In 2025, it opened a purpose-built HQ and training complex in Harwich and launched a joint venture in Namibia (Air Rescue Africa) and announced a second JV in the USA with Brim Aviation.	https://airrescueuk.com	bd@airrescueuk.com	+44 (0)1255 615760
Sustainable Ports Association	Ports, Maritime and Logistics	UK	The Sustainable Ports Association (SPA) is a UK-based global business development and membership organisation dedicated to accelerating sustainable practices across the ports and maritime sector. The SPA works with over 700 ports worldwide, engages with approximately £30 billion worth of tenders, and connects ports with innovative UK supply chain businesses. Operating under Environmental, Social and Governance (ESG) principles, the Association brings together industry leaders, government agencies, academic institutions, and solution providers to advance port operations, streamline logistics, and promote green technologies. The SPA runs an annual Sustainability Awards programme, co-developed the Port Endeavor simulation game (aligned with the UN's 17 Sustainable Development Goals), and engages with Parliament to advocate for greater port empowerment and decarbonisation across the UK maritime sector.	https://sustainableports.com	Contact form only	0121 798 2858
Freeport East	Ports, Maritime and Logistics	UK	Freeport East is one of the UK's designated freeports, positioned on the east coast of England as a hub for global trade, clean energy, and innovation, spanning key locations including Felixstowe, Harwich, and Gateway 14. Backed by government support, it offers businesses a compelling platform for growth through tax incentives, simplified customs processes, and investment support, while leveraging world-class port infrastructure and strong connectivity to UK and international markets. Strategically aligned with the UK's net-zero and industrial growth agenda, Freeport East focuses on attracting inward investment, enabling advanced manufacturing and logistics, and driving innovation in sectors such as green energy, maritime, and smart technologies, with the ambition to create jobs, stimulate regional development, and deliver long-term economic impact.	https://www.freeporteast.co.uk	enquiries@freeporteast.co.uk	+44 (0)7825 732153

Royal African Society	Transnational Education	UK	The Royal African Society (RAS) is a London-based not-for-profit membership organisation founded in 1901 (as the African Society) to promote relations between the UK and Africa, receiving its Royal Charter in 1935. Based at SOAS, University of London, it operates across academia, business, politics, arts, and education, amplifying African voices and fostering informed UK-Africa relations. RAS publishes the peer-reviewed journal African Affairs, runs the Film Africa film festival (the UK and Europe's leading African cinema festival), and hosts the Africa Writes literature festival at the British Library. The Society holds a strategic partnership with the British Council and counts HRH Prince William as its Royal Patron. Through events, publications, and digital channels, it reaches over one million people globally.	https://royalafricansociety.org	ras@soas.ac.uk	+44 (0)20 7074 5176
Levelling Up, Communities and Business Engagement	Transnational Education	UK	Levelling Up, Communities and Business Engagement refers to the UK Government's Levelling Up agenda ; a flagship policy framework aimed at reducing regional economic and social inequalities across the UK by investing in skills, infrastructure, public services, and local business growth. The programme funds a range of initiatives in education, employment, housing, and community infrastructure, with a focus on areas historically left behind economically. In the context of Transnational Education, it encompasses engagement strategies between local institutions, businesses, and communities to drive skills development, inclusive economic growth, and cross-sector partnership ; particularly targeting regions outside London and the South East.	Not a standalone company		
	Transnational education	UK	Tech1M is a global digital learning platform focused on equipping individuals with in-demand technology skills through virtual bootcamps, mentorship, and work experience programmes. The platform offers structured training across key areas such as engineering, data analysis, product management, design, and digital marketing, combining live instruction, hands-on projects, and career support to prepare learners for real-world roles.
